From Washington

Washington, Sept. 13. Washington, Sept. 13.

Information has just been received at the State Department, from our Minister at Berlin, Mr. Wright, that Christain Ernst, naturalized citizen, who was compelled by force to enter the Hannoverian army, was, upon the remonstrance of our Government, discharged from service.

A dispatch to the New York Times says the Postmasted General addressed another urgent letter, on Saturday last to the contractors for the California mail service, demanding to know if they expected to be pre-

manding to know if they expected to be pre-pared for the prompt execution of their con-tract. The Department evidently appre-hends a failure, and would guard against the consequent embarrasement in the service.

Official data show that the Treasury is fast

recovering from the effects of the late financial crisis:
Second Lieut, Charles Lynde, of the Fifth Infantry, has been dismissed the service, for engaging in a disgraceful brawl with Second Lieut Jesse B. Wharton, of the Seventh Infantry, near Camp Floyd, Utah.

The Mill's simple in its construction, having very little machinery occupying but little space and warranted to do more work with the same amout of power, and make as good a quality of flour, as any Mill now manufactured. The Mill will be sold withor without the boilt. The principle of the Mill is equally applicable to the construction of large Merchant Mills, and persons about to build, would do well to call and examine. Wa will also furnish with the Mills, Boiting Recla of any size and length, smut Machines, Wheat Cheaners, Flour Fackers, stc.
